

REMARKS

Claims 2-41 were pending in the application at the time of allowance, as indicated in the Notice of Allowability mailed 23 June 2004 in the application.

Upon review of the claims allowed in this case, Applicant noted an obvious typographical error in Claims 12 and 38, *i.e.*, instead of reciting the limitation "1 μm ," the claims recited "1 pm." The clerical error in Claims 12 and 38 is corrected in a manner which does not change or effect the scope of the claims, does not add new matter, and does not require further search and/or consideration.

Applicant respectfully requests entry of the corrected claims as indicated above.

RESERVATION OF RIGHTS

It is respectfully submitted that any and all claim amendments and/or cancellations submitted within this paper and throughout prosecution of the present application are without prejudice or disclaimer. Further, Applicant respectfully reserves all rights to file subsequent related application(s) (including reissue applications) directed to any/all previously claimed limitations/features which have been subsequently amended or cancelled, or to any/all limitations/features not yet claimed, *i.e.*, Applicant continues (indefinitely) to maintain no intention or desire to dedicate or surrender any limitations/features of subject matter of the present application to the public.
